

Hanover Animal Hospital will always strive to provide you and your pets with the best medical care possible. However, there are times when in-house, continuous medical staff care can not be provided. It has been deemed necessary by our state legislature that we inform you of these hours.

Unstaffed Hours:

1. Monday –Friday 6:30pm to 8:00am
2. Closed Saturdays and Sundays (However animals hospitalized or boarded over the weekend will be checked on, fed, given water and walked at least twice daily).
3. Holidays falling on a Monday: we will be closed from Friday at 6:30pm until Tuesday at 8:00am.
4. Holidays: from closing time the day before the holiday to 8:00am the day after the holiday.

We sincerely appreciate your understanding and cooperation in this matter. Thank you.
